ONTARIO POLICY NO. 3-31

CEASE TRADING ORDERS: APPLICATIONS  
FOR PARTIAL REVOCATION TO PERMIT  
THE SHAREHOLDER TO ESTABLISH A TAX  
LOSS FOR INCOME TAX PURPOSES

Where the Commission is satisfied that a proposed disposition is at arms length and made, so far as the applicant shareholder is concerned, solely for the purpose of establishing a tax loss, the Commission is prepared to vary outstanding cease trading orders to permit such transactions where a sale to an informed purchaser is contemplated. Where the disposition is by way of gift, the Commission is of the view that it is not a 'trade' within the meaning of section 1(1) 24 of The Securities Act even though it may be viewed as a 'disposition' for the purposes of The Income Tax Act.

## ONTARIO SECURITIES COMMISSION

### W E E K L Y      S U M M A R Y

WEEK ENDING 23RD JANUARY, 1975

THE WEEKLY SUMMARY THIS WEEK, IN ADDITION TO THE USUAL PARTS 'A' AND 'B', INCLUDES SUPPLEMENT 'C' WITH TWO PAGES OF REPLACEMENT FOR ONTARIO POLICY NO. 3-25 AND A SUPPLEMENT GIVING DETAILS OF NEW ONTARIO REGULATION NO. 14/75.

-----

#### NOTICE I

RE: UNIFORM ACT POLICY 2-12

#### TIMELY DISCLOSURE

While, for the most part, reporting issuers are making a conscientious effort to comply with the Commission's timely disclosure policy, in certain instances we have received little or no advance warning of proposed material changes. In other instances there has been a complete failure to advise us. Consequently, since prompt action is essential, decisions to issue or not to issue cease trading orders for the purpose of permitting adequate dissemination of the new material facts among all investors must be made in haste. In addition, when the proposed changes are in the negotiation stage, advance information enables the Commission, as well as The Toronto Stock Exchange, to monitor the market for unusual activity which might indicate that the trading is based on rumour, inadequate or false information, or that insiders or tippers are trading on the basis of material information not then generally released.

Issuers are reminded that Uniform Policy 2-12 concludes,

'The following material changes must be discussed with the Commission prior to disclosure to the investing public:

1. Actual or proposed changes in the control of the company;
2. Actual or proposed acquisition or disposition of material assets;
3. Proposed takeovers, mergers, consolidations, amalgamations or re-organizations; or
4. Proposed changes in capital structure, including conversions, stock splits or stock dividends'.

This disclosure should be made on a confidential basis to the Chairman, the Vice-Chairman or the Director.

NOTICE II

ONTARIO POLICY NO. 3-25

MORTGAGE AND REAL ESTATE INVESTMENT  
TRUSTS AND PARTNERSHIPS

When this revised policy was republished in the Weekly Summary on 12th December, 1974, two errors unfortunately occurred. Therefore, attached as Supplement 'C' to this issue of the Weekly Summary are corrected reprints of pages 80 and 81 of the abovementioned issue for substitution for those you received in Supplement 'C' to Weekly Summary 12th December, 1974. Please place them in your policy manual to correct the defect in that issue.

NOTICE III

ONTARIO REGULATION 14/75

MINIMUM EDUCATION AND EXPERIENCE REQUIREMENTS  
FOR REGISTRANTS

In last week's Weekly Summary we indicated that the text of this new regulation would be published this week and it is attached as a Supplement to this issue for your information.

NOTICE IV

RE: SECTION 15(1)(c) THE SECURITIES ACT

Registrants are reminded of the provisions of Section 15(1)(c) of The Securities Act, R.S.O. 1970 as amended -

'Every registered dealer shall,  
within five days of the event,  
notify the Director in writing of ...

(c) The commencement and termination  
of employment of every salesman  
and, in the case of termination of  
employment, the reason therefor;

It has recently come to the attention of the Commission that some registrants are far from candid when reporting the reason for dismissal or resignation of their salesmen. Registrants are warned that by not factually and fully reporting the reason why a salesman is dismissed for cause they are not serving the public interest, and are leaving themselves open to prosecution for violation of Section 15(1)(c) of the Act.

On application under S.59, the Commission ruled that the sale of 200,000 common shares to Rayrock Mines Limited as to 50,000 common shares and to D. A. DECISIONS, DIRECTIONS, ORDERS AND RULINGS

TRADERS HOMEPLAN LIMITED

This was an application under OR 70(2) for an order exempting the company from the requirements of S.70(1) of the regulations.

The Commission ruled that the company is exempted from the requirements of S.70(1) of the regulations, that it file with the Commission Canadian Sales Finance Long Form Reports, Robert Morris Associates Direct Cash Lending Questionnaires and Robert Morris Associates Sales Finance Company Questionnaires provided that none of its securities are distributed to the public and further provided that the reports of Traders Group Limited filed under S.70(1) of the regulations are prepared on a consolidated basis.

#### PACIFIC WESTERN AIRLINES LIMITED

The Director made an order under S.116 on application by The Canada Trust Company -

- (1) exempting The Canada Trust Company and all of its directors and senior officers from the requirements of S.110 in respect to the capital securities of Pacific Western Airlines Limited; and
- (2) that this order shall remain in effect for so long as such time as The Canada Trust Company and or its directors and senior officers do not acquire directly or indirectly beneficial ownership over the equity shares of Pacific Western Airlines Limited carrying more than 10% of the voting rights attached to all equity shares of Pacific Western Airlines Limited for the time being outstanding.

#### SPANEX RESOURCES LIMITED

The Deputy Director-Filings made an order under S.40(1) that trading permitted by S.36(2) shall cease until a revised preliminary prospectus satisfactory to the Director is filed with the Commission and forwarded to each recipient of the defective preliminary prospectus. The preliminary prospectus does not demonstrate that there is sufficient knowledge of the mining property available to justify the acquisition of it by a public company and the expenditure of public funds in an exploration programme.

BABYLON MINERALS INC.

The Deputy Director-Filings made an order under S.40(1) that trading permitted by S.36(2) shall cease until a revised preliminary prospectus satisfactory to the Director is filed with the Commission and forwarded to each recipient of the defective preliminary prospectus as -

- (1) an unconscionable consideration is being paid by the company for the acquisition of fourteen unpatented mining claims located in Fabre Township, Temiscamingue County, Province of Quebec;
- (2) the report of J. P. Jewell, Mining Geologist, supports the fact that an unconscionable consideration is being paid by the company for the acquisition of property since it does not establish that the aforesaid mining claims located in Fabre Township have sufficient merit to warrant the subscription of public funds for the exploration programme planned.

PROSECUTIONS

REGINA V. HAROLD W. LUBBOCK

In the matter of two charges brought against Mr. Harold W. Lubbock under The Securities Act of Ontario, R.S.O. 1970, Chapter 426, in that Mr. Lubbock purportedly did trade in securities without registration contrary to Section 6 and Section 137 (1) (c) and further that such trade was in the course of distribution to the public of such securities no prospectus having been filed contrary to Section 35 (1) and Section 137 (1) (c) of the said Act.

Charge was heard before His Honour Judge J. A. Newall, 18th December, 1974. Mr. A. M. Coomaraswamy for the prosecution and Mr. James Sloan of the firm of Brock & Coleman for Mr. Lubbock. After hearing the evidence, Judge Newall adjourned the case until 24th January, 1975, and requested both the Crown and the Defence to forward him written submissions on the matter. On 24th January, 1975, Judge Newall rendered a verdict of guilty on both counts. He fined Mr. Lubbock \$100.00 on each charge or in default to serve seven days.

#### FOREFRONT URANIUM MINES LIMITED

The Deputy Director-Filings made an order under S.40(1) that trading permitted by S.36(2) shall cease until a revised preliminary prospectus satisfactory to the Director is filed with the Commission and forwarded to each recipient of the defective preliminary prospectus as -

- (1) an unconscionable consideration is being paid by the company for the acquisition of ten contiguous unpatented mining claims located in the Township of Palmerston, County of Frontenac, Province of Ontario;
- (2) the report of J. C. Honsberger, P.Eng., Consulting Mining Engineer, supports the fact that an unconscionable consideration is being paid by the company for the acquisition of property since it does not establish that the aforesaid mining claims located in the Township of Palmerston have sufficient merit to warrant the subscription of public funds for the exploration programme planned.

MANITOU LAKE GOLD MINES INC.

The Deputy Director-Filings made an order under S.40(1) that trading permitted by S.36(2) shall cease until a revised preliminary prospectus satisfactory to the Director is filed with the Commission and forwarded to each recipient of the defective preliminary prospectus as -

- (1) the consideration for the fourteen contiguous unpatented mining claims in Clement and Macbeth Townships, **Larder** Lake Mining Division, Province of Ontario, is an unconscionable one in that the report of T. Heale, P.Eng., dated 25th November, 1974, supports the fact that an unconscionable consideration is being paid by the company for the acquisition of property since it does not establish that the aforesaid mining claims have sufficient merit to warrant the subscription of public funds for carrying out the exploration programme planned; and
- (2) the preliminary prospectus does not demonstrate that the proceeds from the sale of the shares to be paid into the treasury of the company, together with other resources of the company, are sufficient to accomplish the purpose of the issue stated in the preliminary prospectus in that the said mining claims vended to the company by the vendor have not been shown by the said report of T. Heale, P.Eng., to be a resource of the company of sufficient merit to warrant the expenditure of publicly subscribed money for the exploration programme set out therein.

(CHEMALLOY MINERALS LIMITED)

The statutory hearing in respect to S.144 order dated  
27th February, 1975, will be held 11th March, 1975, at  
10.30.a.m..

DECISIONS, DIRECTIONS, ORDERS AND RULINGS

AMALGAMATED LARDER MINES LIMITED

On application under S.59 the Commission renewed the order granted Alsask Investments Limited on 19th December, 1974, until 19th June, 1975.

CONSOLIDATED PROFESSOR MINES LIMITED

On application under S.59, the Commission ruled that subject to necessary approvals by shareholders the issuance and allotment of 1,250,000 shares of Consolidated Professor Mines Limited to the shareholders of New Calumet Mines Limited would be deemed not to be a distribution to the public and registration would not be required and further that the distribution of shares in the Estate of J. M. Cunningham-Dunlop upon the winding up of the Estate would also be deemed not to be a distribution to the public and registration would not be required.

TDRI LIMITED

On application under S.185 of the BCA, the Commission exempted the company from filing interim financial report due 30th March, 1975, as the company's year end has been changed to 31st December and the next interim report will therefore be required 30th June, 1975.

TORONTO DOMINION CENTRE LIMITED

1. Under S.119 of the BCA, the Commission exempted the company from distribution of proxy and proxy solicitation material and an information circular to shareholders on condition that the information circular is filed with the Commission; and
2. Under S.152 of the BCA, the Commission refused the exemption in respect to filing insider reports and directed that the insiders would be exempted from filing 'nil' reports in respect to debt securities but insiders holding any debt securities of the company are to file an initial insider report and thereafter in respect to any changes in their holdings or subsequent acquisition by them of debt issues; and

3. Under S.182 of the BCA, the Commission granted the application not to distribute interim reports to shareholders on condition that an interim report is filed with the Commission when due.

BM-RT LIMITED  
BM-RT REALTY INVESTMENTS

On an application in respect to announcement 5th September, 1974, in Weekly Summary, the Commission agreed that the complementary nature of the prospectuses proposed to be issued by the above justified an exception to the prohibition in the matter of dual prospectuses especially by virtue of the guarantee flowing between the parties. The prospective investor will, in the opinion of the Commission, require to be in possession of both prospectuses to make an investment decision.

(H) INVESTMENT POLICY

(1) Fundamental Policy

The fundamental investment policy should be clearly defined in the Declaration of Trust, fixing limits in general terms on the percentage of assets the trustees are empowered to invest in each type of investment, e.g. straight-debt securities issued by corporations and other entities, debt securities issued or guaranteed by the Government of Canada, any Canadian Province or Municipality or Agency thereof, short-term promissory notes issued by corporations and other entities and cash equivalents, conventional first mortgages or mortgages insured or guaranteed by the Government of Canada, any Canadian Province or any agency thereof, convertible debt securities, preferred shares and equity interests.

(2) Private Placements

The issuer shall not have more than 25% of its total assets in securities acquired through private placement transactions or other transactions which require the giving of an investment letter except that more than 25% of its total assets may be invested in such a way where:

- (i) a legal opinion can be given that the securities are those in which the Canadian and British Insurance Companies Act states that a company registered under Part III

thereof may invest its funds without resorting for that purpose to the provisions of subsection (4) of section 63 of the said Act;

(ii) the issuer of the securities is a reporting issuer to which Parts X, XI and XII of The Securities Act applies; and

(iii) the issuer of the securities has a net worth on its last published financial statement in excess of \$20,000,000.

(I) FUNDAMENTAL INVESTMENT RESTRICTIONS

(1) Investments in One Company or Other Issuer

Not more than 10% of the total assets of the issuer shall consist of securities, including mortgages, of any company or other issuer other than securities issued or guaranteed by the Government of Canada, any Canadian Province or Municipality or Agency thereof.

## EXPLANATORY NOTICE

### ONTARIO REGULATION 78/75

#### EXEMPTIONS FROM REGISTRATION AND PROSPECTUS REQUIREMENTS

- (1) ON THE EXERCISE OF RIGHTS, OPTIONS AND WARRANTS OR ON CONVERSION.
- (2) PUTS AND CALLS.

#### PROPOSED POLICY 3-29

Attached as Supplement to this Summary is the text of Ontario Regulation 78/75, which was filed and came in force on the 4th day of March, 1975. This regulation is in response to the submissions received to Proposed Policy 3-29 published in the Summary for October 24th, 1974. In addition, it covers a gap in the legislation by permitting the issuance of puts and calls, options to sell to or purchase from the writer of the option securities provided the conditions set out in the exemption exist. This does not exempt trading in the so-called Chicago Board Options.

The regulation exempts a reporting issuer, as defined, from registration and prospectus requirements in the case of the issue or transfer of securities of its own issue pursuant to the exercise of a right to purchase or convert previously granted by that issuer in connection with an earlier distribution to the public of its securities made by that issuer in accordance with section 35 or section 58 of The Securities Act, that is through a prospectus or a statement of material facts. The exemption for a shareholder's rights offering under sections 19(1)8 iii and 58(1) of the Act is not affected.

It will be noted that section 85(d) of the Regulation enables certain types of issuers, who may not be required at present to make regular disclosure as a reporting issuer to become voluntarily a reporting issuer for the purpose of obtaining the new exemption.

The regulation should overcome the concerns expressed by the Commission in its proposed policy and by those submitting briefs. The Commission wishes to express its thanks to all who responded to its request for comment on Draft Policy 3-29.

ONTARIO REGULATION 78/75

REGULATION TO AMEND  
REGULATION 794 OF REVISED REGULATIONS OF ONTARIO, 1970  
MADE UNDER  
THE SECURITIES ACT

1. Regulation 794 of Revised Regulations of Ontario, 1970 is amended by adding thereto the following Part:

PART XII

EXEMPTIONS

85. In this Part 'reporting issuer' means,

- (a) a corporation within the meaning of clause b of subsection 1 of section 118 of the Act;
- (b) any person referred to in subsection 2 of section 118 of the Act;
- (c) any company required to file financial statements with the Commission by section 134 of the Act; and
- (d) any person or company who undertakes in a form acceptable to the Commission to file and pursuant to the undertaking files with the Commission all financial statements and other documents required to be filed with the Commission pursuant to the Act or the Regulations by the corporations, persons and companies defined in clauses a, b and c.

86. Section 35 of the Act does not apply to a distribution to the public of options to sell or purchase securities known as puts and calls which provides that the holder thereof may sell to or purchase from the writer of the option a specified amount of securities at a specified price on or prior to a specified date or the occurrence of a specified event provided that,

- (a) the option has been written, issued or guaranteed by a member of a stock exchange recognized by the Commission for this purpose;
- (b) the securities which are the subject of the option are listed and posted for trading on a stock exchange recognized by the Commission for this purpose; and
- (c) a put option contract is in Form 30, or a call option contract is in Form 31.

87. Registration is not required in respect of a trade by a reporting issuer in securities of its own issue transferred or issued pursuant to the exercise of a right to purchase or convert previously granted by that issuer in connection with a distribution to the public of its securities made by that issuer in accordance with section 35 or section 58 of the Act.

88. Section 35 of the Act does not apply to a trade in the course of a distribution to the public made by a reporting issuer in securities of its own issue transferred or issued pursuant to the exercise of a right to purchase or convert previously granted by that issuer in connection with a previous distribution to the public of its securities made by that issuer in accordance with section 35 or section 58 of the Act.

EXPLANATORY NOTICE

CONDITIONS OF REGISTRATION

REQUIREMENTS MADE PURSUANT TO REGULATION 6: O.R. 208/70

FORM OF ACCEPTABLE SUBORDINATION AGREEMENT

TO: ALL DEALERS AND ADVISERS NOT SUBJECT TO EXAMINATION  
UNDER SECTION 31 OF THE SECURITIES ACT

Notice is hereby given in accordance with the requirements of subsection 7 of Regulation 6 that on or after 21ST APRIL, 1975, the Commission proposes withdrawing its approval of the form of Subrogation Agreement presently found as Schedule 1 of Appendix 2 to the Conditions of Registration published by the Commission pursuant to Regulation 6 and substituting the form of Subordination Agreement appended to this Explanatory Notice.

This form of Subordination Agreement will be used by dealers and advisers not subject to audit examination under section 31 of The Securities Act, that is, dealers and advisers who are not members of The Toronto Stock Exchange, the Ontario District of the Investment Dealers Association of Canada and the Broker-Dealers' Association of Ontario. Through such agreements capital advanced by way of loan cannot be withdrawn excepting in accordance with the terms of the Agreement. The loan is subordinate to the claims of clients and other general creditors.

Any dealer or adviser affected by the proposed change will be afforded an opportunity to be heard by the Commission if they file a written request for a hearing with the Secretary to the Commission on or before Friday, 11th April, 1975. In the absence of any requests for hearing the Commission proposes publishing the change in its Weekly Summary for the week ending 17th April, 1975, to become effective on Monday, 21st April, 1975.

Purpose of the Change

The existing Subrogation Agreement requires the registrant's auditor to join as a party to the agreement and to act as Trustee for the General Creditors. The accountants made representations that this compromised their independence and position as auditors. The Commission agreed with this submission and took the opportunity to have the form of the agreement completely redrafted for greater certainty and clarity.

#### SUBORDINATION OF THE DEBT

The Lender hereby postpones the payment and satisfaction by the Registrant of the Debt in favour of, and subordinates the Debt to all Claims of, the General Creditors with the intent that all such General Creditors shall in the event of a dissolution, winding-up, liquidation, insolvency or bankruptcy of the Registrant be paid their then existing Claims in full in priority to and before the Lender shall have any claim upon any property, assets, rights or benefits of the Registrant, or upon the cash and/or securities comprising the Debt.

#### REPAYMENT OF DEBT

3.1 Subject to Section 3.2 and 3.3 hereof, the Lender will not demand or accept payment of, and the Registrant will not pay to the Lender the Debt or, any of the cash comprising

the Debt, or any part thereof, and the Lender will not demand or accept delivery of, and the Registrant shall not deliver to the Lender, all or any part of the securities comprising the Debt, or any cash on account or in respect thereof.

3.2 Notwithstanding Section 3.1 hereof, the Lender may substitute and the Registrant may accept in lieu of all or any part of the cash and/or securities comprising the Debt, cash and/or securities ("substituted cash and/or securities") if (a) the amount of the substituted cash and/or securities when used in the computation of the Free Capital of the Registrant as of a date (the "computation date") within five business days of the date of the notice to the Commission (hereinafter referred to) is in excess of the Minumum Free Capital of the Registrant as of the computation date, and (b) ten business days have passed since the Registrant gave the Commission notice in writing of the intention to substitute the substituted cash and/or securities and a schedule showing the computation of both the Free Capital and the Minumum Free Capital of the Registrant as of the computation date before and after such proposed substitution, during which time the Commission has not informed the Registrant in writing that it objects to such substitution. Any cash and/or securities repaid or returned as a result of the substitution provided for in this Section 3.2 shall cease to form any part of the Debt as of the date of such repayment or return.

3.3 Notwithstanding Section 3.1 hereof, the Lender may demand and accept and the Registrant may repay and/or return, as the case may be, all or any part of the cash and/or securities comprising the Debt, if (a) the Free Capital of the Registrant as of the computation date after such repayment and/or return is in excess of the Minimum Free Capital as of such date, and (b) ten business days have passed since the Registrant gave the Commission notice in writing of the intention to make such repayment and/or return and a schedule showing the computation of both the Free Capital and the Minimum Free Capital of the Registrant as of the computation date before and after such proposed repayment and/or return, during which time the Commission has not informed the Registrant in writing that it objects to such repayment and/or return. Any cash and/or securities repaid or returned in accordance with this Section 3.3 shall cease to form any part of the Debt as of the date of such repayment or return.

3.4 Nothing contained in this Section 3 shall be deemed to prevent the paying to the Lender of interest on the Debt at the rate set out in Schedule "A" to this Agreement, or the handing over to the Lender of any dividends or interest received on any of the securities included in the Debt, if the payment of such interest or dividends is permitted in Schedule "A" hereto and the Commission has not notified the Registrant in writing that such payment shall cease provided

always that such payment does not cause the Free Capital of the Registrant to be less than the Minimum Free Capital of the Registrant.

4. UNAUTHORIZED REPAYMENTS

4.1 Any payment, repayment, delivery or redelivery of any part or all of the Debt or of any or all of the cash and/or securities comprising the Debt received by the Lender otherwise than in accordance with the provisions of Section 3 hereof (any such payment, repayment, delivery or redelivery so received by the Lender being hereinafter in this Section 4 referred to as an "Unauthorized Repayment") shall be held by the Lender in trust for the General Creditors and for the ratable distribution of the Unauthorized Repayment among the General Creditors to the extent necessary to pay all Claims in full, and the Lender shall and hereby agrees to do all things and execute all documents which may be necessary or desirable for effecting such ratable distribution to the extent aforesaid among the General Creditors; provided that if this Agreement shall have been terminated in the manner provided in section 6 hereof, any Unauthorized Repayment shall be held in trust for General Creditors in accordance with this Section 4.1 to the extent necessary to pay only the Claims, if any, which have arisen

up to the time upon which the termination in Section 6 hereof is effective.

4.2 To the extent that the operation of the provisions of Section 4.1 hereof did not result in any Unauthorized Repayment being realized by the General Creditors to the extent of their entitlement thereto in accordance with the provisions of Section 4.1, the Lender shall pay to the General Creditors entitled pursuant to Section 4.1 the equivalent value of such Unauthorized Repayment.

5. AMENDMENT

Apart from the amendments contemplated by Sections 3.2 and 3.3 hereof, this Agreement may only be amended if the Registrant delivers to the Commission notice in writing of any proposed amendment. If within 10 business days of the delivery of such amendment to the Commission, the Commission has not objected in writing thereto, this Agreement may be so amended. At the time of execution of such amendment, a copy thereof shall be delivered to the Commission

6. TERMINATION

This Agreement shall remain in full force and effect until it is terminated in accordance with this Section 6. This Agreement may be terminated by the Lender by delivering to the Registrant and to the Commission notice in writing of the Lender's intention to terminate. Within ten business days of receipt by the Registrant of the notice to terminate, the Registrant shall deliver to the Commission a schedule showing the calculation of the Free Capital and the Minimum Free

Capital of the Registrant as of a date within five business days of the date of delivery to the Commission of such schedule, in which the Debt is not postponed and subordinated. If within ten business days of the delivery of such schedule to the Commission, the Commission has not objected in writing to the termination, this Agreement shall terminate and be of no further force and effect as of the date immediately following such last mentioned ten days expires.

## SALESMAN REGISTRATION

The Director issued the following reasons following a S.8 hearing recently. They are published for information purposes.

"Re: Full time employment of Salesmen -  
S.6(19)(g), OR 794 as amended

Application was made to the Director under S.6(19)(g) of the regulation (as made by OR 14/75) for consent to the continuing registration of three salesmen who proposed to engage in employment outside their duties as salesmen.

Section 6(18) provides that

'No person shall be registered as a salesman unless he is employed full time as a salesman'.

Subsection 19 provides in part that

'Notwithstanding subsection 18, registration as a salesman may be granted where .....

- (g) with the written consent of the dealer employing him and the Director, the salesman is employed outside the normal working hours and there is no conflict of interest arising from his duties as a salesman and his outside employment'.

There was no indication of any conflict of interest arising from the applicants' duties as salesmen and the proposed outside employment, and the dealers employing the applicants had furnished their written consent to the proposed employment.

The nature of the employment proposed is as officers and directors of a company being formed for the purpose of distributing, at wholesale and at retail, smoke detection devices. The day-to-day management of that company is to be in charge of a full time general manager. The applicants will serve as officers and directors of the corporation and the material filed in support of their applications indicate that the involvement of each in the business and affairs of the company would take up something in the order of 10 to 15 hours a month. In each case, it was anticipated that the involvement would be outside normal business hours.

On the basis of this information and the consents communicated by the employing dealers, the requested consent of the Director was given".

#### NOR-ACME GOLD MINES LIMITED

On application under S.59, the Commission ruled that the issuance of 66,667 shares of Nor-Acme Gold Mines Limited to Consolidated Morrison Explorations Limited would be deemed not to be a distribution to the public and registration would not be required but resale of these shares would require further application to the Commission.

- (i) 57,500 Trust Units of T.D. Realty Investments, or
- (ii) 115,000 Warrants to purchase 57,500 Trust Units, or
- (iii) a combination of (i) and (ii) such that the number of Trust Units plus the number of Trust Units purchasable by the Warrants is equal to 57,500,

would be not deemed to be a distribution to the public and registration would not be required but the transactions must be completed within three months through the facilities of and subject to the conditions established by the Commission with The Toronto Stock Exchange, and further notwithstanding that The Toronto Dominion Bank is not required to file insider reports it is to file notice of each sale effected within three days of the sale occurring adapting Insider Reporting Form No. 22 as the vehicle to do so.

SUPPLEMENT 'X' TO WEEKLY SUMMARY, WEEK ENDING  
10TH APRIL, 1975.

MUTUAL FUNDS: RESTRICTIONS WHERE  
DEALERS OR DEALER AFFILIATES ACT  
AS MANAGEMENT COMPANIES

Following the submissions made through the public hearing held on April 3rd and 4th, 1975, the Commission concluded that policy guidelines should be promulgated covering the topics set out below. This was the middle ground suggested during the course of the hearing of the three alternatives which were to prohibit dealers acting as management companies, take no position, or publish policy guidelines for the guidance of dealers having a relationship with management companies acting for mutual funds.

Since it is hoped to discuss the draft policy with the other provincial securities administrators during their meeting in the week of May 5th next, the Commission would appreciate if any further comment concerning the proposed policy could be submitted to the Commission Secretary by Thursday, May 1st.

It will be noted that the draft policy largely describes the acceptable standards presently being followed by the dealer community in the organization, sale and management of what are often styled "in-house" brokerage mutual funds. In anticipation, partly supported by a Toronto Stock Exchange proposal, the Commission has adapted the proposed restrictions on self-dealing and the conditions of registration for mutual funds which are found in Bill 75 and the draft regulations to that Bill. No attempt has been made to consider those areas presently covered by National Policies 6, 7, 8, 9, 10, 23, 24 and 26. These policies are presently being considered by the Director before accepting any mutual fund prospectus.

The Commission was generally favourably impressed with the standards set for themselves by the dealer community in their roles as managers of dealers mutual funds. For instance, while there has been a generally unspoken concern about the possibility of churning portfolios for the

purpose of generating commission business, not only does the Commission have no evidence of this but indeed it has concluded under the circumstances that portfolio churning would be self-defeating.

#### DRAFT POLICY

##### Definitions

For the purposes of this policy,

- (1) "Dealer" means,
  - (a) any registered dealer who acts as a management company,
  - (b) any management company in which any registered dealer or any partner, director, officer, salesman or principal shareholder of any registered dealer directly or indirectly has a more than 10% interest, and
  - (c) any partner, director or officer of a management company itself.
- (2) "Management company" means a person or company that provides investment advice under a management contract under which a mutual fund is provided with such advice, along or together with administrative or management services for valuable consideration.

##### Registered Dealers

A registered dealer may act as the management company of a mutual fund provided,

- (a) the Director is satisfied that the management company has an individual directly responsible for the portfolio management of the mutual fund who would, if separately registered, qualify for registration as an investment counsel; and

- (b) the management company complies with the laws and policies from time to time promulgated for management companies.

Prohibited Investments: Dealer  
Managed Mutual Funds

- (1) A mutual fund shall not make any investment in any issuer in which:
  - (a) the dealer has acted as an underwriter prior to the expiration of 60 days following the conclusion of the distribution of the underwritten securities to the public;
  - (b) any partner, director, officer, employee or principal shareholder of the dealer is an officer or director.
- (2) Mutual funds shall not knowingly purchase securities of any issuer from the account of any dealer or an associate of any dealer.
- (3) No mutual fund shall knowingly make any investment by way of loan to any dealer or an associate of any dealer.

Prior Approval of Security Holders

Dealer sponsored mutual funds shall make provision for the prior approval of shareholders or unit holders before:

- (a) an auditor may be dismissed,
- (b) the investment objectives, policies or practices of the funds are materially changed,
- (c) there is any change in the management company or in the management contract, or
- (d) there is a change of custodian.

Additional Financial Disclosure

In addition to the disclosure required by Part XII of The Securities Act, the dealer managed mutual fund shall disclose in their annual financial statements, on a comparative basis,

- (a) the aggregate brokerage commission paid to the dealer for the previous twelve months; and
- (b) the management fees paid to the dealer for the previous twelve months.
